Presented by Chris Barson

This engaging workshop will make use of presentation, demonstrations, video, discussion, case studies and lots and lots of apps!

You'll get chance to ask questions, swap apps, and build up your confidence with the tech!

If you have a tablet/iPad bring it along and get stuck straight in. If you haven't started with the wonderful world of tablet technology yet don't worry - you won't be alone. This is a good opportunity to weigh up the pros and cons.
